

30th June 2023

Dear Parents & Carers,

This time of year always comes with an eager anticipation both for you and the children as to who their class teachers will be next year. I am writing to let you know this information including the teaching team that will be supporting learning in the year group. The children have been told this morning who their new teacher will be, and on Wednesday 12th July, they will have a transition morning in their new classrooms, with their new class teacher.

When the academic year comes to an end, there are always a few staff who leave us to start a new and exciting chapter in their lives. It is with real sadness that we will say goodbye to four members of the team this year. Mr Smith will be completing his final ECT year at a Special School that will be opening soon, Mrs Ribbons and Mrs Camp will both be leaving to start retirement and Miss Hicks will be leaving to begin her teacher training at university. I am sure you will join me in wishing these staff members all the very best.

In addition to those leaving, two members of staff have changed their working week; Mrs Betts will be working part-time and Ms Hall will be working full time.

We are happy to also be welcoming three new members to the team, Mrs Evans, Ms Sebestyen and Mrs Welling. We are delighted that these new members will be joining us on Transition Day.

Miss Whyman is getting married later this month and will return to school being known as Mrs Innes in the new academic year.

Galaxies will be meeting Mrs Evans on Wednesday 5th July prior to their transition morning on the 12th July.

Mrs Ticehurst will take our current Asteroids (moving to Comets) all day on the 12th July.

There will be a transition meeting between your child's current teacher and the class teacher they are moving on to to ensure a solid handover.

Yours sincerely,

Michelle McKay
Head of School

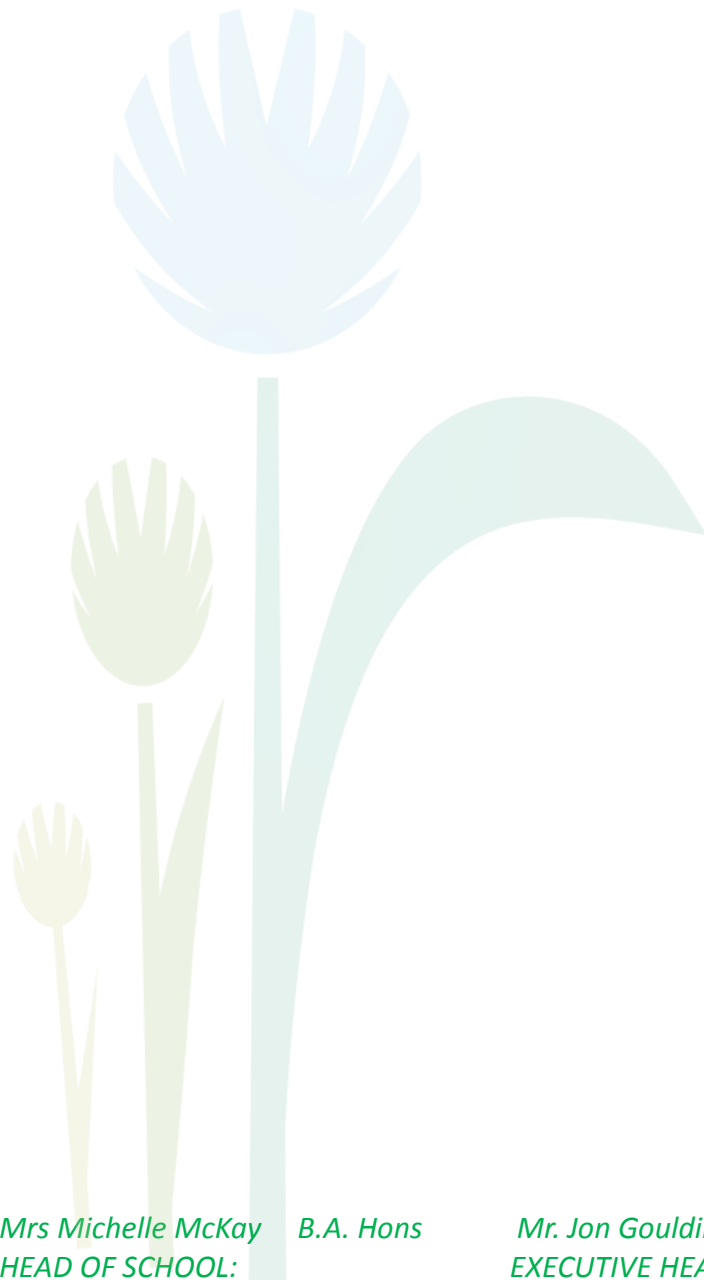

Mrs Michelle McKay B.A. Hons
HEAD OF SCHOOL:

Mr. Jon Goulding B.A. Hons
